ABOUT US

Over the years since its inception in 2001, GNIOT has carved a niche for itself in the arena of imparting Engineering and Management education to a number of aspirants in Delhi and NCR region. GNIOT from the very beginning has welcomed diversity with open arms in addition to strongly encouraging research and innovation. Here at GNIOT, we aim to groom technically sound, knowledgeable and ethical leaders by following the principles stated at the time of inception.

GNIOT was founded by honourable Late Shri Krishan Lal Gupta (Founder Chairman) under Shri Ram Educational Trust in 2001.The group comprises of 3 wings that are AICTE approved – GNIOT for Technical Education, GIPS for BBA, BCA, B.Sc. (Computer Science), B.Com(P) and B.Com(H) and GIMS for Post Graduate Management Education (PGDM). We are affiliated to AKTU, Lucknow and CCSU, Meerut. We have highly qualified/industry experienced board of management. We as a Group of Institutions feel proud in placing on records that we have world class infrastructure, with high-tech amenities and highly qualified, experienced and dedicated team of faculty members.

We at GNIOT are committed towards not only providing high quality education but also multidisciplinary and interdisciplinary knowledge to our students. We groom our students to be globally competitive having deep subject knowledge and abreast with the latest technologies. We embellish our students' learning curve through various knowledge exchange programmes including industrial visits, workshops, seminars, club activities, conferences and global study trips. We aim at producing learners with good communication and effective problem solving skills; ensuring that they become socially sensitive and responsible human beings, having potential to lead in their chosen realms

It was my mom's decision and support to take up the admit offer from UPTU. Can't thank her enough for her intuition as this was one of the best decisions of my life. GNIOT gave me the personal and professional growth needed to succeed. The faculty, the power of experiment, and friends for life were all one big package gift for the rest of life and career. My first job at IBM through campus was very special and positioned me for growth. Thank you all at GNIOT family and all the best for taking the institute to greater heights.

Finding the right path to success at the right time is really very important and for that I had selected GNIOT in 2004.This college had and still does have a fantastic reputation for its academics. I believe it was the best place for me to develop academically and culturally and at the same time it offered me opportunities to grow as a person. With the blessings of the GNIOT family, I was able to crack campus placement and today I work for a MNC. It's GNIOT's environment that gave me the confidence to be able to communicate and work with people having so many diverse cultures and working in different parts of the world. I believe the academic staff of GNIOT were a big influence in my life and helped me to shape into the person I am today. A big thanks to the GNIOT family and especially to the CSE and IT department.

I am really thankful to get a college like GNIOT for my B.Tech graduation, as it has been a very interesting and awesome journey.... Choosing GNIOT was one of the best decisions I have ever made. At This College I gained friendship and experiences which added a different perspective to my life. It feels great to be taught by amazing teachers who are the best. They always motivated and encouraged me to face the risks and learn new things. I also want to share my feedback regarding the placement things in the GNIOT. It offers great placement opportunities to its students with some of the top companies.

Today I am writing this note to thank GNIOT for the unforgettable student years given to me. GNIOT showed me that the world is full of possibilities and the curriculum at GNIOT gave me a life skill that I will always treasure. GNIOT advocated instilling empathy in myself and paving the way for a successful future. I would like to thank all my Management Team, Academic & Non-Academic staff for the support they have bestowed upon me in different capacities. I will always cherish my moments of association with the organization.
Thank You for providing such a great student life and I wish GNIOT, its teachers and students a very great and exciting future ahead.

GNIOT is one of the oldest Institutions of Greater Noida which is continuously changing its infrastructure with recent demands of Engineers. In simple words I would like to say that this college provides a perfect platform to young mind for private job through its dedicated placement cell as well as government job through the counseling of its highly experience faculty members. I am very thankful to all members of GNIOT who continuously guided me during my preparations. I have great respect for or my HOD and faculty members.

College is one of the most memorable parts of a student's life. I will always be grateful to GNIOT for giving me an exceptional faculty, industry experience, attitude of leadership, memories and a tranquil mindset to face the next set of challenges in life. One of the greatest things about any college is their faculty and GNIOT has a great faculty who all have a great teaching experience and they welcome new ideas and innovations, especially if I talk about mechanical engineering.

Nadeem Ahmad

The time spent at GNIOT is the most memorable period of my life so far. The college has always helped me shape myself into a better version. I was involved in cultural activities since the start and that platform helped me to explore myself. I eventually become the Chief Coordinator of the GNIOT Cultural club. Our club Incharges, Mrs. Meenakshi Awasthi and Mrs. Vasudha Tiwari always guided and supported me throughout. Faculty members are very supportive here. To be honest I was an average student in academics, but being the essential part of extra-curricular activities, I had tremendous love and respect from my batchmates and juniors as well as heart-warming support from faculty members. My involvement in cultural activities enhanced my leadership skills and confidence. That is not something you can get through academics alone. It made me learn various other things as well and shaped me to the best.I still wonder how quickly those days passed. I will carry those memories in mind forever! I just want to say, THANK YOU GNIOT!

I had read somewhere that an individual's intellectual and social stimulation begins from the college and I feel it's very true as I have experienced it.

I will always be grateful to GNIOT for giving me multi-dimensional exposure and learning by providing the apt mix of academics and leadership which has eventually helped me being more socially active.The Faculty members of GNIOT are always ready to help you out if you face any difficulty in any subjects or while working on various projects!
Thank you GNIOT for the wonderful experience! I will cherish it forever!

My graduation at GNIOT completed in 2018 has been a very interesting and awesome journey. Our college GNIOT is one of the best engineering colleges in Greater Noida. Campus life of our college is very peaceful and attractive. At this college I gained friendship and experiences which added a different perspective to my life. All teacher members of this college are very supportive caring and helpful. They always motivated and encouraged the students. They always supported me to achieve my goal. From their support and my hardwork I started my journey as a junior engineer in Indian railway. I am and will always be thankful to GNIOT for making me person Iam today.

GNIOT is one of the best private colleges in Greater Noida with great infrastructure, faculties and a visionary leadership. It has an amazing work and study environment where students can showcase their talents and can go to higher level of success. It has an in-campus hostel facility where students from various states of India can have a comfortable stay. There are a number of extra-curricular activities that are conducted in the campus by various clubs. I am a proud alumnus of this college and it has taught me quite a lot of things in context to co-operation and coordination with friends, culture, teaching, etc. Studying here has been an extra-ordinary experience.

"GNIOT has been crucial in helping me prepare for a successful life from the very beginning". It has been possible because of the enthusiasm of the professors who always lent their support in making sure that we as students remain competitive and acquire plethora of knowledge throughout our journey. GNIOT helped shaped not only academic skills but even co-curricular activities like public speaking, quizzes, etc. The love from teachers made us feel like a family and instilled a lot of confidence that was crucial when we stepped out. Practical thinking, dedicated lab works, pre placement preparations was one of the best ways that they helped us get ready for the battles ahead. All in all, it's been a lovely journey and GNIOT will most certainly play an important role in whatever success comes our way in the future.

I am very thankful to my college, "GNIOT", Greater Noida for where I am today. After joining this College way back in 2016, I got a chance to come under the excellent mentorship of Professors here, who were always around to guide me and to help me plan my career. The various lab sessions and workshops that are regularly conducted as a part of the curriculum helped me gather a lot of practical knowledge of my subjects. Apart from learning technical skills here, I was also part of the Cultural Club of my Engineering College. I am very thankful to Ms. Minakshi Awasthi and the Department of IT, who always supported me in every little thing. I am also grateful to the placement team who helped and trained me during the interview preparation and provided timely feedback to focus on technical as well as on behavioural skills.
